

Adults in the Youth Services Areas of the County of SLO Public Libraries:

We ask that adults without children present limit their use of Youth areas to selecting materials.

We go out of our way to make a children's room and teen's room for a number of reasons: it helps to keep the young ones safe and gives them a place to consider their own in the library. We're happy to assist adults who browse and checkout our youth collections, however, **adults** who wish to **spend** longer periods of **time** with us using personal devices, charging electronic devices, using computers or sitting to read **must do so** in the **adult-zoned areas** of the library.
