A rather broad term, Asian-Pacific encompasses all of the Asian continent and the Pacific islands of Melanesia, Micronesia and Polynesia. The month of May was chosen to commemorate the immigration of the first Japanese to the United States on May 7, 1843, and to mark the anniversary of the completion of the transcontinental railroad on May 10, 1869. The majority of the workers who laid the tracks were Chinese immigrants.

Malala Yousafzai was only ten years old when the Taliban took control of her region. They said music was a crime. They said women weren't allowed to go to the market. They said girls couldn't go to school. Raised in an area of Pakistan that was once peaceful, Malala was taught to stand up for what she believes. So she fought for her right to be educated and nearly lost her life for the cause.

The Shadow Hero by Gene Luen Yang

In the comics boom of the 1940s, a legend was born: the Green Turtle. He solved crimes and fought injustice just like the other comics characters. But, this mysterious masked crusader was hiding something more than your run-of-the-mill secret identity. The Green Turtle was the first Asian American super hero.

The comic had a short run before lapsing into obscurity, but the acclaimed author of *American Born Chinese*, revived this character in a new graphic novel that creates an origin story for the Green Turtle.
