This beautifully illustrated, fully authorized book profiles 75 fascinating female characters from across films, fiction, comics, animation, and games. Featuring Leia Organa, Rey, Ahsoka Tano, Iden Versio, Jyn Erso, Rose Tico, Maz Kanata, and many more, each character is explored through key story beats, fresh insights, and behind-the-scenes details with more than 100 all-new illustrations.

Star Wars: Solo (Graphic Novel adaptation) by Alessandro Ferrari

There aren't many ways someone like Han, a young scumrat raised in the streets of Corellia, can leave his planet and become a great pilot, and none of them are easy. But when Han finally makes it, it sets up a life-changing journey that will turn him, and his future co-pilot Chewbacca, into the most famous smugglers in the galaxy.

Be More Yoda by Christian Blauvelt

The heroes of the Star Wars galaxy have faced many trials and tribulations during their adventures. Learn from their experiences—and in many cases mistakes—to discover new mindfulness techniques to deal with stressful situations with tips for mindful thinking that also bring moments of joy to your day.

Star Wars: Most Wanted by Rae Carson

Han and Qi'ra don't have a lot in common other than not having a lot. They're street kids on the industrial planet Corellia, doing whatever it takes to get by, dreaming of something more. They each jump at a chance to prove themselves in the perilous world of Corellia's criminal underbelly, only to discover they are on the same mission for the same unscrupulous boss. When the job goes disastrously wrong, Han and Qi'ra are on the run—from pirates, a droid crime syndicate, the Empire, and their boss—and will have to learn to trust each other if they are going to survive.
